

Annual Clearing Sale at The Palais Royal.

TODAY the summer stocks are the largest and most complete in town. Greater selling has encouraged greater buying. With the winding up of the most successful summer season in the career of the Palais Royal, we promise a "Clearing Sale" that shall be all the words imply.

Summer Silks to Go.

Remnants are to be thrown on bargain tables and nominal prices asked—and whole pieces of the most fashionable silks are to be at less than the wholesale prices.

39c for 50c Silks. **45c** for 75c Silks. **79c** for \$1 Silks.

With the fancy silks are included the Black Figured Silks that have created such a furore at 50c yard. The clearing sale price—39c—is less than the cost at wholesale, so that a future need may be profitably anticipated.

1,000 pieces Wash Dress Goods.

5c for 12c goods. **12c** for 25c goods. **15c** for 37c goods.

The well-known 12c Domestic Lawn and Organza are here at 5c yard. We point out to much to the price being only 5c yard as to the fact that the most beautiful of designs and scarcest of colors are here.

Gloves. **\$1.33** for the \$1.50 "Palais Royal" Kid Gloves. Every style in white and colors. Fitted at our risk.

For Home. **39c** for the 60c Screen Doors and 12c for the 20c Window Screens, showing some signs of handling.

75c for the 95c Hammocks, and only \$1.19 for the \$1.75 Porch Rockers.

\$1.29 for the \$1.50 Silk Gloves, in white, black, and only \$1.29 for the \$2.50 Summer Madras Curtains.

7c yard for the 10c Silkoline and 25c for the 50c Denim Table Covers.

Men. **39c** for the Men's and Boys' 50c and 80c Night Shirts.

66c for all \$1 and \$1.25 shirts, including the Laundered White Dress Shirts, and those with fancy Madras bosoms, known as English Tourist Shirts.

59c for the 75c Lisle Thread Underwear. Shirts with long and short sleeves. Drawers to match.

19c for the 25c Light-Weight Shirts and Drawers, white and fancy.

PALAIS ROYAL, A. LISNER, 6 Street.

Crawford—the equal of the best wheel made.

"Crawford" Buying Is a Clear Saving

of from \$25 to \$50 to you. Cyclists who know vouch for it—as a wheel that's worthy their fullest confidence. The Crawford makes no charge for its reputation—though it has one to be proud of. For good service it's in the race for superiority with any wheel made—and it "looks right"—as well as the wheel that costs twice as much. Would you consider it economical to put \$100 in a wheel when its equal in every respect is at your service for half that?

Enameled ware for less than you have ever paid.

The crockery, chinaware and housefurnishings department which we have promised you for some time isn't quite ready yet, but the manager and buyer of this department has been to the market, and the stock is ready when the store fixtures are.

In scouring the market for the very best values he run across a lot of blue, gray and mottled "Peerless" enameled ware

—the very finest sort that is made—offered at a very great reduction from usual prices. He quickly snapped it up, and the entire purchase goes on sale Monday morning on the first floor of the new Seventh street addition, though this department shall be ultimately located in the basement of the old Seventh street store.

The price paid at wholesale was so little that we can safely guarantee to save you at least 40 per cent of what is usually paid for this very same ware, of which you know well enough without a word from us.

This department when ready is going to revolutionize the crockery, chinaware and housefurnishings business of this city, because it has a manager who "knows the ropes"—knows how to buy for less than any other store in town—knows enough to undersell all others.

Watch for the announcement of the "opening" of this department in a short while.

THE SOCIAL WORLD

Rain, Rain, Go Away, is the Summer Resort Cry.

NEWPORT SEASON WILL SOON BE GAY

Vice President and Family Will Be

Wined and Dined.

SOME OTHER TOPICS

Nothing more dismal than the frame of mind which summer visitors on the Atlantic coast have been placed the last fortnight can be imagined. The pouring rains and lowering skies when it was not raining with fogs and mosquitoes and other incidental miseries, have been trying to a degree that in some cases has completely done away with the idea that any pleasure or satisfaction could be gleaned from the summer outing. The individual who manacured the joke that the Atlantic shores were a generous source of jealousy to Queen Victoria, as she was afraid that rain would last longer than her even after a jubilee landmark, says that it is an evidence of how reckless his fellow-sufferers on the hotel piazzas must be, when that sort of thing would amuse them. Outdoor life, golf, tennis and cricket, wheeling and all the rest, has been enjoyed only in memory or anticipation, and the doubtful blessing of a few "stitch's" day, in the way of the weather, has been a general dismay.

The stay-at-home has more than enough of reasons, however, to bestow new praises on the draught-breaking saint, for while our friends are shivering under the baneful influences of raw east winds, Washington has been so comfortable lately that the burning, blistering days of early July are almost forgotten.

With the presidential household and most of the cabinet families out of town, things officially and socially have simmered down to the quietest point. The pouring rains of the hundreds of the uninhabited but not unexpected guests who jam and jostle each other the nights of the leaves each winter.

As President McKinley does not seem to labor under any apprehension that some others may be offended, when he only in the next winter, just at present, after a short season at his Long Island place, Mr. and Mrs. Whitney have enjoyed a week or two at their splendid estate on October mode, in the Berkshire Hills, where Mr. Whitney's new responsibilities and honors as a grandfather were telegraphed him the past week.

Secretary and Mrs. Gage are expected home today after a pleasant trip north.

Dr. and Mrs. W. J. Hoffman, accompanied by their son, will leave in a few days for the north to visit members of the family. Passage has been made to sail August 11th for Mannheim, Germany, the post to which Dr. Hoffman was appointed consul.

Mr. and Mrs. Kaufman, J. A. Meyers, Miss Meyers, H. E. Stringer, Paul V. MacConville, Wm. Vincent, Miss Crossdale, Adam Duport, Mr. and Mrs. Sangar Johns, Brook Johns, Miss Marlin, W. H. Hobbs and Miss Clement are at Atlantic City.

The Misses Morse have gone to Cape May to spend a month.

Capt. George A. Davis, wife and two children are spending the summer at Cape May.

J. L. Lawton and family are spending a few weeks at Cape May.

Mrs. Lillie McIntyre May, with her daughter Elsie, has gone for the summer to Atlantic City, N. J., where she will remain at her father's cottage, "Ocean Villa," for the summer.

The Vice President and Mrs. Hobbs and their son arrived last night to visit Mr. Lispenard Stewart in Newport. The party dined quietly with Mr. Stewart last night and received no callers. This evening Mr. Stewart will give a dinner in honor of his guests.

Mrs. Robt. Silvers, accompanied by her two daughters, her niece, Sallie Francis Fogarty, and the Misses Evans, will leave for Piney Point this evening.

Mrs. Frank C. Skinner and son of 3421 Holmead avenue have gone to Grand Hotel station, in the Catskill mountains, and will remain there several weeks.

Mr. and Mrs. J. E. Parker of 29 New York avenue northwest left this morning for Ocean City, N. J., on a month's recreation, where they will be the guests of Mrs. Griffith, Mrs. Parker's sister.

Mrs. R. E. Boyd has gone to spend a month at Atlantic City.

Mrs. Dennis Mahan will spend next month at Catlett's station, Fauquier county, Va.

Mrs. S. C. Smoot will remain the first two weeks in August at Cresson Springs.

Mr. and Mrs. Henry Clay Stewart are at Magnolia, Mass.

Mrs. C. H. Buck has gone to Mechanicsville, Md.

Dr. Garville Williams, pastor of the Metropolitan Baptist Church, northeast, and Mrs. Williams are at Martha's Vineyard for the month of August.

J. G. Maupin of East Capitol street is a guest of Mrs. McLean at Ocean City.

Mrs. David Meade Lea of 1107 East Capitol street is very ill with typhoid fever.

Mrs. W. H. Sholes, who for the past four weeks has been critically ill, is now believed to be out of danger and convalescing.

Mrs. Robert C. Gotta and son Robert, with Miss Mary E. Bond, are at Asbury Park.
